Peer Reviewed

All time

The screenshot shows the EBSCOhost search results page for the query 'diabetic foot'. The interface includes a search bar at the top with the query 'diabetic foot' and a search icon. Below the search bar are filter buttons for 'Full Text', 'Peer Reviewed', and 'All time'. A 'My dashboard' sidebar is on the left, and a 'Research tools' section is at the bottom left. The search results are displayed in a list format, showing two results. The first result is titled 'Sarcopenia, Frailty and Diabetic Foot: A Mini Narrative Review' and the second is 'Recurrence rates after healing in patients with neuroischemic diabetic foot ulcers healed with and without sucrose octasulfate-impregnated dressings: A 1-year comparative prospective study'. Both results include author information, journal details, and a brief abstract. Numbered callouts (1-6) highlight specific features: 1 points to the search bar, 2 to the filter buttons, 3 to the filter dropdowns, 4 to the 'Show: 10' and 'Relevance' options, 5 to the 'My dashboard' sidebar, and 6 to the 'Access options' dropdown for a result.

## Features of MEDLINE Complete

- 1 Search Box**  
Start your research by entering keywords to search full-text journals.
- 2 Search Modes**  
Search using Basic or Advanced mode, or add filters such as Peer-Reviewed and Full Text.
